WHO IS MRS. WINSLOW?—As this question is frequently asked, we will simply say that she is a lady who, for upward of thirty years, has untiringly devoted time and talents as a Female Physician and Nurse, principally among children. She has especially studied the constitution and wants of this numerous class; and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as nurse and physician, she has compounded a *Soothing Syrup*, for children teething. It operates like magic—giving rest and health; and is, moreover, sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming well renowned as a benefactor of her race: children continually do us up and bless her; especially is this the case in this city. Vast quantities of the *Soothing Syrup* are *DAILY* sold and used by the millions. Mrs. Winslow has transmitted her name by the

valuable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it, mothers. TRY IT SOON.

A BENEFACTRESS.

There is a woman in the public eye, whose name had all along been associated, in our mind, with the "Yankee," "Quack," and "Humbug." But it is so no longer, and we desire to wrest the name from all such suspicious association in all other minds. Whatever notious we may have of womanly delicacy and propriety

ety, we will all admit that woman alone is the Nurse—the woman—the *mother* Nurse. Whether we shall have Female Physicians or not, is a question which must be decided by time, principle, and not as a matter of taste. Pride, prejudice, caprice and custom, may as well behave themselves, for if there is really a want, there will also be a supply—if there be a "calling," there will be a coming. Nature and human society are always supplying, and though Art and Fashion may hinder, they cannot

Mr. Winslow does not want to treat you GENTLEMEN! Nor does she want to prescribe a regimen for your wives; but she only appears as a messenger of health and happiness to your infants in the cradle. Is there anything improper in that? Nurse of "ten years" experience can hardly say so. Good not good for a babe—and ought to be listened to. God speed her on her humble but happy mission. She is the most anxious physician and most effectual benefactor our little one ever enjoyed—her doing parents not excepted. Just open the door, Mr. and Mrs. Winslow will prove the American Florence Nightingale of the nursery. Of this we are sure, that we will be

We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething."

To every mother who has children suffering from any of the complaints incident to the period of teething, we say do not let your own prejudices, or the prophecies of others, stand in the way of the relief that will surely and absolutely be found in the use of MRS. WINSLOW'S SOOTHING SYRUP.
